Prohibition Gain - - - - - 30  
Democratic Loss in 1890, as compared with vote in 1888, 304  
Republican LOSS - - - - - 1,573

Thus, it will be seen, that the Democrats last year, in their vote for Governor, only fell below their vote in Presidential year by 304 votes, while the Republicans, by not voting, lost nearly 1,600 votes.

Registered but not voting, in 1888 - - - - - 2,030  
Registered but not voting, in 1890 - - - - - 3,877

Thus, in Barnstable county in 1890, there were 1,128 more voters who were registered but did not vote, than there were who voted.

# VOTERS OF BARNSTABLE COUNTY, STAND UP AND BE COUNTED!

# MASSACHUSETTS EXPECTS EVERY MAN TO DO HIS DUTY!

---

## BOSTON CONTROLS THE STATE, BECAUSE THE PEOPLE OF THE CAPE STAY AT HOME ELECTION DAY.

Russell last year lacked 4,295 votes of a majority outside of Boston. That great city, with its enormous naturalized vote, gave him 13,348 majority, overcoming the majority outside of Boston, and securing his election.

The importance of bringing out the full vote throughout the State this year cannot be overestimated. Especially is this true in Barnstable county.

Out of a possible 6,600 votes, in this county, only about 2,700 were cast last year.

The Republicans of Barnstable county, satisfied with the general prosperity of the Commonwealth, and knowing that her industries are **not** "folding their tents like the Arabs and silently stealing away," stay at home, while the foreign immigrants, who pour themselves annually into Massachusetts, eagerly take advantage of the franchise. Thus through their own neglect or carelessness, the native born citizens of the agricultural districts of the State are throwing away the privileges of their citizenship, and are not even getting a "mess of pottage" for their birth-right.

It is more than your right, it is your duty as citizens, whether Democrats or Republicans, whether Prohibitionists or of the Farmers' Alliance, to vote at every election—to the end "that government of the people, by the people, for the people, shall not perish from the earth."

It is not a question of men. It is a question of principles, and of the parties which represent those principles.

If, then, you believe in the principles and policy of the Republican Party, it is your duty to vote, and not only to vote yourself, but to urge your neighbor to vote also.

If you believe in an honest dollar, a free ballot, in the free public school system, and in the Republican policy of protection to American industries, then you should see to it that you, yourself, and every other Republican, as far as you are able to influence him, casts his vote this year, and for the full Republican ticket.

---

***NOTICE.**—By examining the table on the other side, the voter can at once easily see the vote cast in his town for Governor last year, and by comparing it with the vote in Presidential year (1888), and with the column containing the number of registered voters, can at once see the importance of aiding in getting out a full vote this year.*
